4 DELEGATE RALEY: Mr. Chairman, I am a State  
5 Senator and had some experience with the magistrate.  
6 The system was atrocious. I remember I tried at one  
7 point to get a training period but the big problem was  
8 nobody controlled these people.

9 It seems to me the Commissioners there set up  
10 are going to be an arm of the court so they should be  
11 properly controlled by the court, properly trained by the  
12 court. This is the only thing that can be done to change  
13 the system.

14 I think this amendment should be defeated  
15 because I believe this would be a real step forward in  
16 this state.

17 THE CHAIRMAN: Any other delegate desire to speak  
18 in favor of the amendment?

19 Delegate Key, do you desire to speak in favor?

20 DELEGATE KEY: I don't know. I have a question  
21 of either Delegate Mudd or Delegate Johnson. It doesn't  
matter.

THE CHAIRMAN: You name it.
